Dear Honorable Judge Parker,

Hello, my name is Sequana Meeks. I'm the daughter of Isaac Meeks. My father was found guilty of a crime almost 10 years ago. Since then I have seen a major change and improvement in my father as a man. He has always been the family type of guy and has always kept us together. Even playing the father figure roll to my children as well as my siblings children.

This experience has put our family through tough times, but my father somehow still manages to keep us all together and try to keep us all on the right track. He has always had a giant heart, I just believe he loved his family so much that he made bad decisions to be able to provide for his family. Which I know now he has learned his lesson and has learned from those mistakes. I hope and pray you take this letter into consideration.

Respectfully Submitted,

Sequana Meeks

Dear Honorable Judge Linda Parker,

My name is Shaniqua Watson, the daughter of Isaac Meeks. I am writing this letter on behalf of his early release. I know the charges my father faced and still facing are major but I know he has learned from his mistakes. 10 years is a long time to think, regroup, and make better decisions. I know he will do just that. This time away has made him a better man. My father is a family man. He takes care of others like they're his own. He encourages my siblings and I to be better and respectful. Even in his storm he still manages to motivate me to get through nursing school. Family is everything to my dad and we need him. I pray you find it in your heart to make our family whole again.

Respectfully,  
Shaniqua Watson
